

Fabrics

Naturally, when you purchase one of our chairs, you'll want the fabric on the chair to fit the decor of your building. You're also going to want a warranted fabric; a material that is covered against 'normal wear and tear' for either five or ten years. You may want a fabric that's been treated for added soil and stain resistance. All this and more is yours, and at no extra charge. Due to the large number of fabric designs available, it is impossible to display all of our selections here.

However, we would be happy to provide you with our full range of fabric cards at your convenience. The touch and feel of our fabric samples will convince you that we are the company to meet all your seating needs in style and comfort.

In-Stock Fabric Selections

Unsurpassed Inventory

Church Chair uses only the finest quality fabric lines for our products to assure you of long lasting beauty and durability in your fabric selections. We maintain an inventory valued at around £1 million in fine upholstery fabrics at our manufacturing facility that allows us to offer quick shipment for most orders and please the most discerning customer. Our selection is unsurpassed.
